

I recently heard from KLOVE that there is a change being proposed regarding LPFM stations and that this could possibly risk us losing KLOVE in our area or other areas. PLEASE DON'T LET THIS HAPPEN! We have been supporting KLOVE financially almost as soon as they hit the Chicago area. WE LOVE IT and don't want to lose it! KLOVE is one of the only reliable contemporary Christian music stations around -- many of the others come and go so quickly. We love the fact that their station doesn't rely on advertising and we don't have to listen to it! KLOVE is a wonderful, uplifting, positive message of hope 24 hours a day and one so in the minority on the airwaves today. It's value is impossible to measure. Please don't let LPFMs be given priority over FM translators and knock KLOVE off the air where it's desperately needed and wanted. Thanks!!
